The Block: Robinhood to launch perps, weekend stock trading for US users

Cointelegraph: Binance Pay lets visitors spend USDT at PayPay merchants in Japan

Reddit Crypto Communities: Tokenized asset volume graph from James at Invest Answers, he was speaking about other assets but I suddenly discovered Monad ranking only 2 down from ETH and 1 down from Arbitrum, the fact that they even rank this early is huge! Had to rewind and screenshot this!

CoinDesk: Robinhood adds AI agents, perps and weekend trading in push to win active traders

Bitcoin Magazine: Bitget Customers Withdraw Over 4,000 Bitcoins in One Hour Following \$388M Hack

U.S. SEC: SEC Charges Multiple Entities in Fraud Schemes Totaling at Least \$15 Million That Used

WhatsApp and Other Platforms to Lure Investors
